

School Bursary Scheme (2004 - 2008)

The following table contains names of schools to which funds were channeled with the number of beneficiaries. Cumulatively, a sum of KShs 710,375.00 benefitted 74 high school and college students, 42% females against 58% males. The first year reported (2004) a support to three students (one in college) with a total sum of KShs 33,800.00. In 2005, the number was two students (both in college) receiving KShs 10,000.00 each. The year 2006 saw 29 students benefit from the scheme with a total of KShs 247,430.00 being disbursed. The number in 2007 was 40 students who received a total of KShs **358,145.00**. It was unfortunate that in 2008, only one student could be supported with KShs 10,000.00 owing to the fact that the sole source of the kitty suffered tremendous loss of property and income to the post-election chaos that rocked Kenya. This noble cause is worth reviving.
